

"EXTINCTION IS FOREVER!"

GIANT PANDA
(endangered species)

TIGER
(endangered species)

DODO
(EXTINCT)

TRAPPERS
(EXTINCT?)

That's the New Year's message Wayne Pacelle and the "New" Humane Society of the United States is sending Trappers in 2005. Extinction is Pacelle's "final solution" for Trappers and trapping. He's merged HSUS with the Fund for Animals and he's recruited personnel trained by PETA to run HSUS's campaigns.

What are you going to do about it?

Survival, like Politics, is strength in numbers.

Every trappers must step up to stop Pacelle's push for trapper extinction.

If you are not a member of the National Trappers Association, join now! If you are, get five trappers you know to join. NTA's "Get 5 in 2005" campaign is about the survival of trapping.

NTA Membership/Renewal Application Form

DON'T MISS A SINGLE MAGAZINE!!!

*If you care about the future of trapping,
you need to join ranks with others who have
joined together to fight effectively for your rights!
